**STATE TAX COMMISSION
 NEW HAMPSHIRE**

Concord, January 12, 1933.

Board of Selectmen,
 c/o Warren M. Davis,
 Marlow, New Hampshire.

Gentlemen:

I submit herewith a report of my audit of the accounts of the Town of Marlow for the fiscal year ended January 31st, 1932, and the period from February 1st, 1932 to December 1st, 1932. Accompanying this report are the following statements:

- (1) Town Treasurer—Receipts and Expenditures.
Reconciliation of Cash Balance.
- (2) Town Treasurer—Analysis of Receipts — Current
Year.
- (3) Town Clerk—Auto Permits and Dog Licenses issued.
- (4) Tax Collector—Summary of 1931 and 1932 Warrants.
- (5) Tax Collector—Remittances to Treasurer.

The Vouchers and Orders drawn by the Selectmen during the fiscal year ended January 31, 1932, and the period from February 1, 1932 to December 1, 1932, were examined, together with the accompanying invoices and payrolls. The Vouchers were checked with the corresponding entries in the Selectmen's Receipts and Payments Book to see if the correct amounts had been entered in each case and the proper classifications made. All of the Orders which were drawn contained the signatures of at least two members of the Board of Selectmen.

The payrolls for State Highway work were examined, orders for the total amount of each payroll having been drawn to the foreman in charge of this work. Evidence of payment to individual employees, whose names appeared on payrolls, was shown by the signatures of such employees on the payrolls or by cancelled checks of the foreman to employees.

The town road agent during the current year has made up payrolls and obtained signatures thereon for all money disbursed by him on account of town highway work.

The Treasurer's receipts were checked by the source of origin so far as it was possible to do this. The Treasurer's payments were checked and it was found that the total amount of the Treasurer's payments was in agreement with the total amount of the orders drawn by the Selectmen. The balance on hand December 1st, 1932, as shown by the Treasurer's account was \$1,198.38. This balance reconciled with the bank balance of December 7th as shown by the statement attached.

The accounts of the Town Clerk were examined. The Clerk was charged with the total amount of 1931 and 1932

auto permits and dog licenses issued, also 1933 auto permits issued prior to December 1, 1932, and credited with remittances to the Treasurer on account of such permits and licenses issued. It was found that remittances to the Treasurer were sufficient in amount to cover the total amount of all dog licenses and auto permits issued during the fiscal year ended January 31, 1932, and the period from February 1, 1932 to December 1, 1932. Summary statement of Town Clerk's account attached herewith.

The accounts of the Tax Collector for the tax levies of 1931 and 1932 were examined. All taxes on the 1931 levy were collected, with the exception of abatements allowed of \$49.72, and the account balanced. According to the Collector's list there was, at the time of audit, \$3,367.40 in uncollected taxes on the 1932 levy. Without attempting to verify this uncollected list there appeared to be a balance \$58.31 in favor of the Collector on the 1932 account. This might be accounted for in either of two ways:

- 1st. The collection and remittance to the Treasurer of taxes of this amount, for which no credit entry had been made in the Collector's Warrant Book.
- 2nd. The remittance to the Treasurer of this amount more than had actually been collected.

In either case the account will undoubtedly be straightened out without any difficulty at the close of the fiscal year.

Summary statements of the Collector's accounts are attached herewith.

The accounts of the Trustees of Trust Funds were audited. The bank books showing the investment of the principal of the various funds were examined, and the receipt and expenditure of income from Trust Funds was checked.

My recommendations are as follows:

- 1st. The use of the regular form of Cash Book by the Town Treasurer.

- 2nd. An order and check should be drawn for each Note paid at the Bank and for each interest payment at the time when such payments are made.
- 3rd. Checks should be drawn only upon Selectmen's orders.
- 4th. Monthly remittances by the Town Clerk to the Treasurer of all money received on account of auto permits and dog licenses issued.
- 5th. The adoption by the Town Clerk of the standard form of Town Clerk's Cash Book, in which a permanent record of all auto permits and dog licenses issued may be kept.

With exceptions as noted herein the accounts were found to be in good order and kept according to the standards provided by the State Tax Commission.

Yours very truly,
 HAROLD G. FOWLER,
 Municipal Accountant,
 STATE TAX COMMISSION.

AUDITOR'S REPORT

This is to certify that I have examined the accounts of the Selectmen, Treasurer, Trustees of Trust Funds, Collector of Taxes, Overseer of the Poor, Trustees of Library, Sexton, Road Agent and Town Clerk and find them properly cast and sufficiently vouched for.

LUTHER A. SALTZGIVER,
Auditor.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Marlow School Board:

I herewith submit my third annual report as your Superintendent of Schools.

At the beginning of the fall term Mrs. Gill was promoted to the position as principal. Mrs. Gill has taken a great interest in the school, and Marlow is fortunate to hold a teacher who can work so ably with small children. The upper grades are being taught by Miss Florence L. Eastman, a graduate of Keene Normal School. She has developed the pupils' ability to read and understand through supervised work and drill. You have reason to feel pleased with your teachers and their work this year.

Teaching is a profession. The district has a right to expect stability, interest in public welfare, self-denial, and a high standard of moral conduct from its teachers. Teachers set the standards for our children to follow, not only in the school-room, but on the street, and in other walks of life. Most parents are used to the expressions "My teacher says"

and "My teacher does." It may be a question as to how much influence a teacher should have on the lives of her pupils, but there is little doubt as to how much she does have. The true teacher, the one with high ideals, should have the support of the public to help her persevere.

Many wish to know why the costs of our schools have gone up instead of down. The main factor is the increases in high school tuitions. For ten years (1920-30) the average cost of high school tuitions per year was \$287.70. In 1930-31 the cost jumped to \$533.82, in 1931-32 to \$984.67, in 1932-33 to about \$1,020.00, and at the present time it seems that at least \$1,300.00 will be needed in 1933-34. That will be over a thousand dollars more than was paid for high school tuitions a few years ago. High school tuitions must be paid by law, and the State does not help pay the costs. The total extra expense has to be raised from local taxes. One transportation route was added in 1931-32 which added \$270.00 to the budget. The state check declined in four years from \$2,034.56 in 1925-26 to \$640.32 in 1929-30. Since then there has been a steady increase to \$1,616.37 in 1932-33. I have not as yet received the data for next year.

I wish to thank the Marlow School Board for their kindness, the teachers for their cooperation, and the citizens for the interest they have shown in the work of the schools.

Respectively submitted,
WALTER L. MASON,
